

ERYC CORONVIRUS UP-DATE

Community Hubs

The ERYC have launched a service to help those particularly at risk during the Covid 19 virus pandemic. People at serious risk will receive a letter from the NHS.

This ERYC service is provided in conjunction with HEY Smile Foundation. The aim is to build up a data base of voluntary local community organisations offering help to those in real need of support.

Indeed, already many such offers have been made via The Rooster and Facebook.

For more information about registration click

<https://www.youtube.com/watch?v=g2Xy2Yd0TFs&feature=youtu.be>.

Individuals may also wish to help and become one of the new NHS Volunteer Responders.

To register click <https://www.goodsamapp.org/NHS>

Community Hubs, supported by ERYC Officers, are being established across the East Riding to coordinate the work. One such hub is based in Withernsea.

The contact centre will have a dedicated number (01482) 393919 and will be open from 9.00am until 9.00pm Monday to Friday and from 9.00am until 6.00pm on Saturdays and Sundays.

An email address is also available for those who wish to contact us at

covid@eastriding.gov.uk .

Finally, The East Riding Council is planning to send a letter to every household detailing just how they are tackling this pandemic and what people can do to make sure they stay safe.
