## **FLOOD REPORT**

The Simon Taylor Report on the flooding in Roos has recently been completed and distributed to members of the Parish Council for their consideration. The report contains a total of 30 recommendations and explains why the floods happened in June 2007.

Some of the recommendations have already been implemented by the Parish Council such as advice on Fly Tipping and having an Emergency Plan procedure available in the village to deal with future flooding and any other potential disaster. The other recommendations can be split into three categories, namely: Short-term objectives, Medium-term objectives and Investment from ERYC and the Utility Companies in order to carry out necessary and essential improvements to the drainage system.

The Taylor report blames the unprecedented volume of rain for flooding together with inadequacies with the village drainage system and serious shortcomings with new developments within the village. Mr Taylor goes on to state: "As a result of my investigation I am no longer surprised the village of Roos flooded. Roos was always a flood accident waiting to happen and who is to blame? Well in part, the usual suspects, the Local Authority or whichever Utility is found responsible for draining within the village, but by far the main culprits are the people of Roos themselves."

The details below are actual extracts from the report, of the main recommendations, split into three categories.

### **Short-term recommendations.**

1. A full camera survey should be undertaken of the enclosed culvert running through the centre of the village. This survey should identify the condition of the culvert, works required as well as ownership and responsibility.
2. A regime of inspection and clearance must be adopted to ensure culverts are regularly inspected and cleared. The design and suitability of the existing grilles should be reviewed. Robust security fencing must be erected around the entrance to the culverts including harness and safety-line fixing.
3. Create more access inspection points to the Beck / culverts.
4. Remove construction work that impedes the free flow of water down the Beck.
5. Sources of foul water entering the Beck should be identified and eliminated.
6. Investigate the removal of drop kerbs (access to driveways) or find other ways of containing water in the road gullies on Rectory Road.
7. The Utilities, ERYC, Government Agencies should come forward and tell the Roos Parish Council what they are responsible for and what they are liable for.

8. There should be no more development within the village until the recommendations in the report have been implemented.

**Medium-term recommendations.**

1. Investigate some recent enclosures of the Beck. Wherever possible remove and restore the open Beck.
2. Riparian owners to be identified and agreements must be made for access to the Beck. A schedule of what is expected of Riparian owners to be drawn up together with a system of inspection and verification.
3. There is a need for flood water-storage areas on Rectory Road and north of the school at North End.
4. The open Beck along its full length is in poor condition. All vegetation and trees should be removed from the Beck sides and at least three metres along the bank tops. All roots should be removed from the bank sides and all loose debris and fly-tipped materials must be removed.
5. Restore the open Beck north of Dove Lane. Build an embankment along Dove Lane so as to form a storage area for water over-topping the Beck/culvert.
6. South of Dove Lane restore the valley profile. Remove the earth embankments. Allow free passage of water overflowing the culverts to move downhill. Provide protection for homeowners.
7. Encourage water to overflow the Lamb Lane culvert. Remove obstructions that will prevent the passage of overflow waters. Create encapsulated features i.e. embankment sides, concrete or brick walls.

**Finally** The Taylor Report discusses the problems at the area of Dimples Cottage and Roseneath and recommends the following:-

1. Upgrade the 225mm link pipe
2. The grass verges should be encapsulated in concrete kerbs to prevent soil blocking the road gulleys.
3. Investigate discharging water from the low point opposite Dimples Cottage to an access point in the Beck further down-stream, i.e. join up with drainage heading south of Elm Garth.
4. Investigate the construction of an underground sump, or storage tank in South End Road to collect storm water. This water should then be pumped away, discharging into the Beck much further down stream.

These particular points require multi agency input and the implementation of a sound engineering solution backed by significant investment.

For this report to be carried out, it needs a spirit of co-operation and goodwill from the public of Roos. If we all play our part and the Taylor Report is fully supported the chances of another flood disaster will be greatly reduced. The full report, will hopefully be available on the village web site in the near future and is well worth reading. If I can be of any help with the report please feel free to contact me.

D.E.Winter (Chairman Roos Parish Council)

# LOCAL EVENTS

## LOCAL EVENT CALENDAR 2008

April 19th Saturday	<b>Roos FC Presentation night</b>	Black Horse Roos 7.30pm
May 13th Tuesday	<b>Pig Bingo</b>	Memorial Institute Roos 7.30pm start
May 18th Sunday	<b>Car Boot Sale</b>	Roos Playing Field
June 21st Saturday	<b>Fun Day</b>	Roos School
July 5th Saturday	<b>Summer Show</b>	Memorial Hall, Burton Pidsea

In order to prevent local events/activities being arranged on the same day, *The Rooster* is offering to print any forthcoming event free on the local event calendar. All that is required is the date and a one-line description. Free insertions apply only to clubs/non-profit making activities, not businesses.

**Friday 25th April @ 7pm in the MEMORIAL INSTITUTE**

**The deadline for items to be included in next  
month's Newsletter is the Friday 9th May**

## ***Alec's Patch ... By Alec Dodson***

- Pruning** Invest in some good secateurs so that you have good clean cuts.
- Hydrangeas** - Prune back by half to good buds and remove any dead or crossing branches.
- Forsythia** - Cut back immediately after flowering.
- Cornus** (dog wood) - Cut back hard to encourage coloured stems.
- Buddleia** - Also cut back hard. These flower August/September on the growth they make this season.
- Planting** Evergreen Shrubs can be planted now in showery weather. As soon as the soil warms up after the present cold snap, plant onion sets and early potatoes.
- Mulching** This is also a good time to mulch beds and borders with garden compost to retain moisture and cut down on weeding.
- Frost Watch** If any plants are frosted try to get to them before the sun does. Cover with newspaper or spray them with cold water to allow them to thaw gradually.
- House Plants** Give these a spring clean. Remove dead leaves and sponge large leaves with tepid water. Watering can also be increased as the temperature rises and daylight increases.
- Nature Watch** Continue feeding the wild birds, due to late spring. Some are already nesting. Early nesters such as Blackbirds are likely to choose a site under cover e.g. garden sheds, so take care not to shut them in.  
Incidentally we saw a Red Kite flying over the disused railway line at Hedon (a bird not a dragon on a string).

## ***Cookery Corner .....***

### **Roasted Peppers with Cottage Cheese and Tuna**

#### **Ingredients**

- |                                     |                                  |
|-------------------------------------|----------------------------------|
| 1 x 250g tub natural cottage cheese | 1 x tablespoon semi-skimmed milk |
| 1 x 200g tin tuna in brine          | 4 x peppers                      |
| 2 x large eggs                      | Salt and pepper                  |
| 2 x tablespoons low-fat mayonnaise  |                                  |

#### **Method**

1. Pre-heat the oven to 200c/400f/gas mk6/180fan
2. Drain the tuna, break the eggs into a bowl and add all the other ingredients, except the peppers, and mix well.
3. Cut the tops off the peppers, remove the seeds and stand them upright, slightly trimming the bottoms so that they do not fall over.
4. Spoon the tuna mixture into the pepper shells and bake for 20/25 minutes until golden and firm.

Serve them warm or cool.

## EASTER BUNNY VISITS ROOS!

The **Beechwood Bunny** paid a visit to all the houses in Beechwood Views this Easter Sunday.

The large white rabbit appeared from the field at the end of the street at 10am, much to the surprise of some of the residents who were enjoying a snowball fight. The **Beechwood Bunny**, who was carrying a bucket full of Easter eggs, then proceeded to hop down the street leaving a bag of Easter eggs on every doorstep. The eggs were labelled "Happy Easter from the Beechwood Bunny. See you next year!"

Some residents came to their doors to wave and say thank you and some met the oversized rabbit in the street before it hopped back into the field and disappeared, leaving everyone wondering who on earth it was and whether we shall get a delivery of eggs next year.

## TUNSTALL NEWS

On Wednesday 26th March the village of Tunstall lost one of its stalwarts when Brian Garbutt sadly passed away after a long illness. Brian, who was sixty-nine, was born and bred in Keyingham. For many years he ran a successful building business and was a well-known and highly-thought-of figure throughout South Holderness. Many people also knew him for his mellow tenor voice. He performed over the years in a variety of singing roles and was a member of the Hornsea Choir. In 1999 Brian and his wife, Pat, took up residence in Tunstall, moving into Rectory Cottage, just north of the church.

It wasn't long before both became involved in village life, Pat becoming secretary of the village hall committee and Brian the treasurer. He immediately put his building skills to good use and was the driving force behind a small group of helpers who carried out a whole range of improvements to the village hall, notably modernising the washroom and kitchen, and adding a porch and shed, as well as being involved in the village project. He also delivered *The Rooster* in Tunstall village for many years.

Brian leaves wife Pat, a daughter Louise, a son Nick and two grandchildren Lydia and Willem.

## CONUNDRUM AT ROOS STORES.

Since the new windows have been put in I have been wondering about something in the window marked NEWSAGENTS.

This window is blanked out by a photographic reproduction of a pile of newspapers and the top readable word, at the beginning of a line, is "zese".

I don't know of such a word so I assume that it is the end of another word from the line above with a hyphen. But I'm still stumped because I cannot think of any word that ends "zese".

**Can anybody help?**

Received from Mr & Mrs I Kemp

## **Roos Women's Institute**

### **Meeting held on Wednesday 2nd April..**

After the President Mrs H Boynton welcomed members, the minutes were read by Secretary Mrs M Stephenson.

Mrs Boynton then read items from the Newsletter. We have the opportunity to visit Ferrens Art Gallery for two guided tours, a spring walk around Swanland and Archery at Burton Constable Hall, to name but a few of the future activities.

Members were asked to prepare entries for our Rally in May at Bilton Village Hall.

The Quiz winner was Mrs K Fisher.

Mrs Boynton then introduced the speaker for the evening Mrs Karen Clark, who came to demonstrate Beads by Design. What a fun evening this turned out to be. Members had the chance to make a pair of earrings or a necklace. The colours were wonderful and the finished results were much admired. Thanks to Karen for a very special evening were given by Mrs Barbara Stephenson.

After refreshments were served the competitions were judged. Mrs B Travis came first with her flowers and also with her recycled collage. After the Raffle Mrs Boynton closed what had been an excellent evening.

**New members are very welcome.**

### **Friends of Roos WI. Pig Bingo.**

The committee announced that a total of £1000 has been donated to good causes in the village since we began last year.

The whole idea has caught on and our attendances remain high, despite the weather at times.

Many people come from surrounding villages and look forward to these evenings once a month. It is a great place to meet up with others and enjoy their company.

Our committee have done a sterling job in making the evening such a great success.

Tea, coffee and biscuits are served during the interval. You are very welcome to attend and try your luck and we would be very pleased to see you.

The next evening is Tuesday 13th May in the Memorial Institute, Roos 7.00pm for 7.30pm start and we have an excellent Raffle to round off the evening. Posters are displayed in many windows in the village.

# **ROOS SPRING SHOW**

## **Saturday 5th April 2008**

Wintry weather was forecast for the weekend of the Roos and District Horticultural Society's 53rd Spring Show, but after a showery morning the sun finally came out.

The hall was filled with spring flowers, floral art, plants, bulbs and orchids, and vegetables as well as classes for eggs and photography.

The children once again excelled with their pictures, flowers, vegetable animals and cookery.

The President, Mr John Oldham, introduced Mr George Fussey who presented the cups and rosettes. Mr Fussey has been a regular exhibitor at both our shows for many years. Barnaby Teasdale presented Mr Fussey with some flowers.

Three prizes in the raffle were not claimed:-

Blue ticket No.7 and Pink Ticket Nos.35 & 281

If you have these tickets please contact Mrs J Grant 01964 670576.

### **Cup winners were:-**

The President's Cup	Best Cultural Exhibit	Mr J Charlesworth
The Sheila Winter Cup	Best in Floral Art	Mrs E Cooper
The 40th Anniversary Cup	Best Exhibit in Eggs	Mrs S Teasdale
The Children's Cup	Best Children's Exhibit	Samantha Simmonds

### **Rosette winners were:-**

Best in Cut Flowers	Mr J Charlesworth
Best in Plants and Bulbs	Mrs A Bromby
Best in Floral Art	Mrs E Cooper
Best in Fruit & Veg.	R Haythorpe
Best in Eggs	Mrs S Teasdale
Best in Photography	John Barker

**THE ROYAL HORTICULTURAL  
SOCIETY'S AFFILIATED SOCIETY'S  
CARD FOR THE BEST EXHIBIT IN  
THE SHOW - Mrs E Cooper.**

### CHRISTIAN AID WEEK May 11th to May 17th

The annual collection for the work of Christian Aid will soon be upon us.

This is a very worthy cause helping in many parts of the world, especially rural villages. They set up water supplies, clinics, agricultural and craft education. The core aim is to help the poor to help themselves.

Roos people have always been most supportive and generous. We badly need extra helpers to give out and or to collect envelopes around the village. Could you please spare a couple of hours to do a street?

If so please ring Chris or Dennis Houlton on 670596.

## **Roos Parish Council Meeting 14th April 2008**

***All Councillors were present inc. Cllr R.Stead***

**The March minutes were approved. Extracts below.**

### **Proposed sale of land at Manor Farm Tunstall**

The Clerk confirmed that he had supplied copy rent receipts to the solicitors and informed them that after extensive enquiries no one was able to explain how the Council acquired the land in the first instance.

### **Hodgson Lane**

Councillor Coupe reported that she had approximately 100 signatures to date on the petition she was circulating and ERYC Ward Councillor Stead advised that the Council present the petition to the Leader of ERYC at a council meeting on the 2nd April. It was agreed to adopt this suggestion and the Clerk confirmed that that he would forewarn the Chief Executive of ERYC that this would happen.

### **Parish Plan**

Tree-planting - The Chairman reported that Stephen Robinson of HEYwoods Partnership had now written to all parties who had expressed an interest in tree- planting opportunities in the parish.

### **Grass verges**

The Clerk reported that he had met the Area Engineer of ERYC who had confirmed that the damaged verges would be attended to early in the coming financial year.

### **Recent heavy rainfall**

It was reported that Mr Dry's invoice for work carried out during January had been presented to ERYC for payment.

### **Pilmar Lane garages/carpark**

Councillor Coupe reported that the electricity cable being linked to a nearby house had now been removed.

### **Visits to parishioners**

The Chairman reported that he had visited Mr and Mrs Hersom and Mr Baker to assure them of the Council's integrity in dealing with their concerns over flooding issues.

### **Flooding**

Members had each been circulated with a copy of the Taylor Report containing over twenty recommendations and it was reported that Mr Taylor was prepared to attend a private meeting with members to discuss the contents of his report. It was agreed to invite him to such a meeting to be arranged for 7pm on the 26th March and that thanks be extended to him for his invaluable services to the Council in this respect.

It was reported that ERYC had been requested to ascertain from Mr Beal whether permission had previously been given for the potting of the Beck within the property at Dove Lane.

The Clerk reported that he had met the Area Engineer of ERYC who was considering the Council's request to remove some of the bars on the grille at Lamb Lane to allow small-sized debris to pass through with the general flow of the watercourse. It was also reported that a site meeting had taken place with the Environment Agency about the proposed potting of a section of the Beck upstream from Mr Baker's property and that Mr Quarmby had no objections. Councillor Grant confirmed that the scheme would cost in the region of £1,200 and it was agreed that on official approval by the Environment Agency an application be made to ERYC for monies from the relief fund to finance the work.

It was reported that ERYC had also been active at North End to improve drainage and that they had paid Mr and Mrs Audley in full for the damage caused to their garden area due to emergency works during the summer floods of 2007.

#### **Proposed Tedder Hill Wind Farm**

A letter was received from Mrs Blenkin which pointed out that now that the Conservation Areas had been approved by ERYC the expert opinion of Mr Atkinson Conservation Officer of ERYC be sought on any impact the proposal may have on them and that if such impact be detrimental to the Conservation Areas an objection be sent to ERYC. It was agreed that this course of action be taken.

#### **Easington to Ganstead gas pipeline project.**

A pamphlet from the National Grid was circulated showing the line of the new pipeline and explaining the work to be carried out.

#### **Road closure - Pasture Lane and Hogsea Lane Tunstall**

Notification of a further 18 months extension to the above road closures was received from ERYC and noted.

#### **Planning applications**

*Relocation of field access at land south of Poplar Farm, Hilston Road, Roos for ERYC.*

It was agreed to recommend approval of the above application.

*Erection of 1 no dwelling at land east of The Paddock, South End, Roos for Vidi Vici.*

It was agreed to defer a decision until the next meeting, that the proposals be circulated amongst members and that ERYC be asked for an extension of time to consider them.

#### **Decisions**

The following application was refused by ERYC:-

*Erection of a dwelling in connection with vehicle repair workshop at Peart Auto Services, Quaker Road, Owstwick.*

#### **Any other Business**

#### **Bus shelter at Tunstall**

It was reported that repairs to the shelter were now nearing completion.

### **Public Session**

Comments from the floor were made on the planning application in respect of The Paddock, South End, Roos and Mrs Earle remarked that ERYC should defer consideration of future planning applications until such time as all flooding issues had been resolved.

**Next Parish Council Meeting Monday 12th May 2008  
7.30pm in Roos Memorial Institute  
Members of the public always welcome**
